

To my mesh heroes,

It has been another momentous year for mesh injured women of Scotland.

Working together we forced the Scottish Government to agree to provide removal services to women who wanted them and ensured Dr Veronikis was one of the options available.

This was a huge victory – the government MUST now deliver safe, competent and accredited removal for every mesh patient.

I look forward to the day when every one of you are free from that awful product.

The Scottish Mesh Survivors are my heroes. Your determination, dignity, honesty and drive has been truly inspirational – I will never, ever forget you.

Please do not hesitate to contact me if I can assist in any way.

Have a lovely festive season – God bless you all.

Neil Findlay
